

SECTION II — EUROPEAN COUNCIL AND COUNCIL

INTRODUCTION

The introduction to the budget request has been provided by each Institution together with the statement of estimate for its respective budget section. In line with Article 314§1 of the TFEU, which states that: '[...] each Institution shall [...] draw up estimates of its expenditure for the following financial year. The Commission shall consolidate these estimates in a draft budget, which may contain different estimates.', the Commission has exceptionally adjusted the estimates of all Institutions. It is thus possible that figures referred to in the introduction of a specific budget section are different from those integrated into the Draft Budget.

1 EXPLANATORY MEMORANDUM

The general inter-institutional framework for elaborating the proposals for the draft budget (DB) 2027 has been laid down in the Commission's letters dated 12/12/2025 and 18/12/2025, where all institutions were invited to prepare their estimates based on the following guidelines:

- include the following estimates for the update of staff remuneration: +2.2% as of 01/07/2026; +2.3% as of 01/07/2027,
- aim at a stable staffing policy,
- aim at limiting the increase for all non-salary related expenditure to a maximum of 2% compared to the 2026 level.

Considering the above guidelines, the General Secretariat of the Council (GSC) has elaborated a proposal for DB 2027 estimates for the European Council and Council (Section II of the EU budget).

The GSC proposes DB 2027 estimates of EUR 755,0 million. This amount corresponds to an overall increase of EUR 15,4 million or 2,1% compared to the voted budget 2026.

Salary related expenditure amounts to EUR 484,0 million - an increase of EUR 8,5 million or 1,8% compared to 2026.

Non-salary related expenditure totals EUR 270,9 million - an increase of EUR 6,9 million or 2,6 % compared to 2026. That increase has three components:

- EUR 5,3 million or 2,0% compared to 2026, in strict compliance with the Commission guidance above,
- EUR 0,12 million for the first annuity payment for the modernisation works in the ECCL building in Luxembourg and
- EUR 1,5 million or 0,6% for the additional, separate, external cost efficiency study of the Justus Lipsius renovation project by independent consultants.

The estimates include following provisions related to the renovation of the Justus Lipsius building:

- Provision for the continuation of the preparatory works for the renovation (additional meeting rooms in LEX building and construction of a new interpretation facility) is made within the GSC normal budget and contained within the 2% maximum increase set out in the abovementioned guidance.
- Provision of EUR 1,5 million for an additional, separate, external cost efficiency study by independent consultants in which several scenarios will be assessed, notably renovation works required to ensure exclusively and solely compliance with legal obligations and profound renovation. This amount takes the draft estimates beyond the Commission's guidance.

As regards staffing, in the annual budgetary procedures for 2025 and 2026 the GSC made requests for six and five additional AD posts, respectively, in order to recruit experienced IT security specialists following the entry into force of the Cybersecurity Regulation. The outcome of these procedures for the GSC was a net increase of the establishment plan by one post only, unlike other institutions such as the European Parliament and the Court of Justice of the European Union which have received strong reinforcements in terms of additional cybersecurity posts in recent years. As the significant and urgent needs in this domain remain unmet, the GSC maintains its limited request for five additional AD posts for qualified cybersecurity experts, to be recruited in the course of 2027.
