

SECTION VIII — EUROPEAN OMBUDSMAN

INTRODUCTION

The introduction to the budget request has been provided by each Institution together with the statement of estimate for its respective budget section. In line with Article 314§1 of the TFEU, which states that: '[...] each Institution shall [...] draw up estimates of its expenditure for the following financial year. The Commission shall consolidate these estimates in a draft budget, which may contain different estimates.', the Commission has exceptionally adjusted the estimates of all Institutions. It is thus possible that figures referred to in the introduction of a specific budget section are different from those integrated into the Draft Budget.

1 GENERAL PRESENTATION

The European Ombudsman's mission is to help resolve complaints and ensure that the EU administration applies the highest standards of integrity, transparency, accountability and responsiveness. We do this by putting citizens and their rights at the heart of our actions and by fostering constructive dialogue with the EU IBOAs as well as engaging with other relevant stakeholders.

The Draft Budget 2027 derives from the European Ombudsman's mandate and mission and is intended to help the Office implement the high-level objectives the Strategy for the 2025-2029 mandate entitled 'Building Trust, Driving Change' adopted in October 2025.

In 2025, the European Ombudsman saw a significant increase in the number of complaints received (3 535 compared to 2 267 in 2024, i.e +56%) and an increase of over 40% in complaints within the mandate compared to 2024. The Ombudsman also opened 480 inquiries based on complaints, up from 411 inquiries in 2024, representing an increase of almost 18%.

2 PERSONNEL EXPENDITURE

Personnel expenditure represents by far the largest share (82%) of the appropriations made available to the Ombudsman and thus has a direct impact on the elasticity of the overall budget. It increases automatically as a result of the application of the Staff Regulations (automaticity of step advancements) and of the annual adjustments of salaries expected in 2026 (2.2%) and in 2027 (2.3%). An abatement rate (3%) is applied to the staff salary budget based on the assumption that posts are not occupied at 100% throughout the year and not all posts are filled at the highest possible level.

The Office has had 75 establishment plan posts since 2023. Since then, the European Ombudsman had refrained from asking for an increase in posts. However, to address the unprecedented rise in complaints and inquiries in 2025 compared to 2024 and continuing into early 2026, the Office has decided to request two additional posts in 2027. At the same time, the number of contract agents is kept to a minimum, primarily to cover prolonged absences and to carry out temporary tasks.

3 OPERATIONAL EXPENDITURE

The remaining 18% of the Ombudsman's budget is dedicated to operational expenditure. It has, as every year, been established according to the principle that the level of each budgetary line should systematically be submitted to close scrutiny, with an eye to generating, to the greatest extent possible, the savings necessary to finance the various additional needs and projects identified for the ensuing year. The Ombudsman has made a determined and successful effort to ensure that the increase of expenditure that does not relate to persons working for the institution is limited. Specifically, Titles II and III taken together show a modest increase of € 50 800, which represents a 1.7% rise.

In addition, the Draft Budget 2027 provides clearer information regarding the appropriations required for the equipment, operating costs, and services related to IT systems. The budget item 2100 previously covered the purchase of IT equipment, software licences, maintenance, and external consultancy support. A new line (2102) was created in the 2027 Draft Budget to specifically cover IT development tasks which the European Ombudsman outsources through an inter-institutional framework contract.

4 CONCLUSION

The appropriations requested for 2027 show a total of € 17 006 600, which represents an increase of € 325 800, or + 1.95% compared to the 2026 budget.

The proposed increase mainly results from the increase in Title I (+ € 275 000 or +2% compared to the 2026 budget) while the resulting additional expenditure in Titles II and III amounts to € 50 800, i.e. an increase of 1.7% of the 2027 budget compared to the 2026 budget.
